

# Handicap Rules

## Administration

- Only rounds played in official tournaments or regulated play (e.g. Baggers tournaments or FFG classements) will be used to calculate Baggers handicaps
- Handicaps will be calculated using the Golfsoftware system
- The Handicap Secretary (or delegate) will be responsible for entering scores into the Golfsoftware system
- Any discrepancies should be raised directly to the Handicap Secretary (or delegate) by the Baggers member in a timely manner

## Calculation of Baggers Handicaps in Golfsoftware

- All scores from official tournaments or regulated play entered into Golfsoftware from January 2016-onwards will be used to calculate the handicap
- Handicaps to be calculated in Golfsoftware using the following criteria:
  - Baggers with  $\geq 8$  tournament rounds
    - Handicap calculated based on the top eight scores, using the six middle scores and discarding the highest and lowest (similar to how the system worked in 2016)
  - Baggers with 4-7 tournament rounds
    - Handicap will be calculated using all entered scores
  - Baggers with  $< 4$  tournament rounds
    - Handicap will be given by the Handicap Secretary
